PAUL DINH PRIMARY EXAMINER Application/Control Number: 10/700,719

Art Unit: 2825

OFFICE ACTION

This is a response to the election filed on 3/27/06.

The examiner acknowledges the election, without traverse, of group I (claims 1-5 and 30); thus, claims 6-29 are non-elected.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes And/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims

The non-elected-without traverse claims 6-29 have been cancelled.

(This examiner's amendment implemented to place the application in a condition for allowance).

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

Claims 1-5 and 30 are allowed because the prior art does not teach or suggest an evaluation method of a semiconductor device having the steps of: measuring a drain current characteristics of a gate voltage of the semiconductor device; obtaining a threshold voltage and a flat band voltage from the drain current characteristics of the gate voltage of the semiconductor device; obtaining an activated dopant density from the threshold voltage and the flat band voltage; and obtaining an added dopant density in the semiconductor device.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance".

Art Unit: 2825

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul Dinh whose telephone number is 571-272-1890. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Jack Chiang can be reached on 571-272-7483.

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
